

# Eitech

With specialist competence in electrical installation and engineering Eitech delivers everything from complete projects and comprehensive solutions to ongoing services in the construction sector and the public sector, as well as within the industry, infrastructure and energy sectors.

DISCOVER EITECH

**EITECH**

Eitech are an accountable team of specialists that today consists of close to 1 200 employees, from Kiruna in the north to Malmö in the south.

### Examples of specialist areas within Eitech:

- Electrical installation
- Electricity, Signal, Telecom & Power for Railway
- Power Plants
- Alarms and Safety
- Backup power
- Control and monitoring
- Tunnel installations

Within each industry sector, we offer a customized combination of our specialist areas, either individually or as a selected and coordinated package. It can be about offering standard solutions, innovative news, custom-made solutions, brand independent solutions or parts of a project.

Or maybe about engaging large resources for a long time or for an emergency situation that has to be resolved quickly. Something that we at Eitech are recognized as skilled at.
