

# Emil Lundgren

Emil Lundgren is a brand dedicated to electrical works, service and industry in the Nordics. There are offices from Skåne in the south to Stockholm in the north, but we work all over the country.

[Go to the website](#)

Emil Lundgrens business includes **Electrical, Data & low voltage, Instrumentation and Service**. These different lines of business are more and more integrated in the various projects Emil Lundgren are working on. Then, it is a strength to take total responsibility from design to commissioning, in each area. Emil Lundgren is thereby a cooperation partner who has a unique overall perspective on the different projects that the brand has been entrusted to participate in.
